

# \*New\* Leadership Development Course for Medical Leaders

## Course: Elevating Performance Conversations

### Asynchronous Microlearning on LearningHub

Learn how to conduct and structure meaningful performance conversations that align individual aspirations with organizational goals, foster engagement, and mitigate burnout. [Sign up here](#)

### Complementary Virtual Learning Labs

Designed to complement the microlearning, join this small group facilitated discussion to reflect and exchange your lessons learnt from this past reappointment season. Learn together by sharing your challenges and best practices for performance conversations in this safe space with your colleagues.
