## LOCATION: SUMAC PLACE IN GIBSONS, B.C.

### IMAGINE YOURSELF HERE!

**Sumac Place** is a 28-bed specialized mental health facility located in the beautiful seaside village of Gibsons, BC. We are a short 5-minute drive from the Gibsons/Langdale ferry terminal that connects you to North Vancouver and downtown with ease. Our surroundings are natural with many beaches, mountains and ocean views.

Our program supports the Recovery Model in combination with Trauma Informed Practice and Psychosocial Rehab - helping residents struggling with mental illness regain stability and acquire new skills that they will use to transition back to community to enjoy meaningful, productive lives regardless of their illness.

Our clients come from many areas within the Vancouver Coastal and Sea to Sky district. Most are struggling with chronic and persistent mental illness in combination with substance use. We provide a supportive, client centered atmosphere that is non-judgmental and uses harm reduction to guide our practice.

Our team includes nurses, social workers, occupational and recreational therapists, mental health workers, peer support workers, psychiatrists and family practice physicians. Together we strive to create an environment that supports the journey of recovery through compassion, hope and respect.
